

The social Cooperative “**Titoli Minori**” was born in 2000. The **Cooperative** has launched projects in two districts of Veneto (Venezia and Rovigo) concerning with disability, entertainment and everyday life.

**Titoli Minori** manages several assisted living centres and day-care centres for disabled people; an educational-residential centre and many day-care centres for minors. Over the years, the Cooperative has been starting to manage childcare services such as kindergartens and supplementary services; entertainment and leisure services such as toy libraries and youth centers. Moreover, Titoli Minori has developed prevention projects about alcohol and narcotic abuse.

## MISSION

In the districts of Venice and Rovigo, with **professionalism, courage** and **method** we build **autonomy** and **well-being paths** in order to meet people needs.

We promote **social inclusion** through dynamic and creative proposals enhancing **relationships** within everyday life backgrounds.

## CHILDHOOD BRANCH

*Childcare services, toy libraries, day-care centres, educational and family centre*

Each minor, child or teenager is an universe of relationships, **connections**, dreams and hopes, who lives in the present and looks to the future. Their choices and experiences tell us about the future. For this reason, we endorse the **relationship** in our daily work with minors.

The projects, both private and both with an agreement with public authorities, include educational and recreational services for **children, pre-adolescents and teenagers**.

All activities are seen as a mean of strengthening personal qualities, engaging families in active way and **promoting social integration based on solidarity**.

The set of all these elements and relationships advances the well-being and prevention of discomfort.

A specific attention is paid to local **Network** with its institutional and informal resources.

## DISABILITY BRANCH

*Assisted living centre, day-care centres, personalised care and supports (ICD)*

Activities concern with management of independence spaces for the disabled person such as **day-care centres, assisted living centre and personalised care and supports in residential settings (ICD)**.

Project activities support disabled people to build **new relationships** and promote a greater awareness about the opportunity to realize a life as independent as possible.

Disabled people are encouraged to explore their interests and get themselves involved in **community life**, meeting up everyday tasks like shopping, attending college and working.

In this perspective, professional équipe develops a personalised plan based on specific characteristics of disabled people and local community, to promote **the culture of sharing and social inclusion**.

## PREVENTION BRANCH

*Rapid response units, alcohol-testing, school programmes*

The activities improve and **support people's education, communication, training and awareness** of risks of alcohol abuse.

We work to limit and prevent discomfort through **teaching staff and social educators works**.

Our specialists deal with students and families issues concerning with **new dependencies** such as youth themes; alcohol and substance abuse; affectivity; life skills; bullying and cyberbullying; different social dependencies.
